It's not round,
it's not square—it's scround! The
unique scround design makes foods
look their best because they're displayed
prominently—perfect for cold, ready-to-
eat deli foods like lettuce salads, pasta,
and cut fruit...even nuts!

- Display cases not only look attractive and appealing, but space is maximized.
- Tight-fitting and leak-resistant lids help prevent spills in the store as well as on the go.
- Bowls stack into the lid of the bowl below to make merchandising easy and secure.
- Lids are available in just three sizes—small, medium and large—and fit all corresponding bowls.
- Choose from three lid designs, including a dome lid for extra room.
- Lids can be custom-embossed to give you the brand recognition you need.
- All bowls available in either black or clear.
- Constructed from durable PETE material to ensure a long shelf life, and make food products look their best.

Three lid designs, all available in small, medium or large.

ecostar™

Fresh 'n Clear Bowls are just one product in Placon's food packaging line containing EcoStar™ food-grade recycled PETE with a minimum of 35% post-consumer content.

Keeping juices, sauces and other liquids securely contained, a tight leak-resistant 360° seal ensures the contents stay inside.

Lid and base tabs are offset from the corners so the package is easy to open.
