

FreshGreens®

Bring your leafy greens to market quickly and easily.

The FreshGreens® line supports the leafy greens market with a sustainable and automation-friendly design that allows you to bring your leafy greens to the store quickly and easily. Made with up to 100% EcoStar® post-consumer, recycled PET material to help you meet your sustainability goals.

Our tray has a dry-ounce capacity of 5oz and accommodates industry-standard film-sealing equipment so you won't require custom equipment to film-seal your trays. Set your brand apart and personalize your trays with a custom logo engraving, available as an option on the bottom of the tray.
